

# 2011-14 FORD MUSTANG® GT 5.0

## Energy Suspension Applications

**Part #:** 4.1134  
**Desc. :** Manual Trans. Shifter Bushing  
**Gain:** Improved Torque Delivery, Shift Reliability

**Part #:** 4.3165  
**Desc. :** Front Control Arm Bushings  
**Gain:** Improves Steering Response, Cornering

**Part #:** 4.5195  
**Desc. :** Rear Sway Bar Bushings  
**Gain:** Improves Cornering, Less Chassis Roll

**Part #:** 9.5187  
**Desc. :** Front Sway Bar Bushings  
**Gain:** Improves Cornering, Less Chassis Roll

**Part #:** 4.3169  
**Desc. :** Rear Upper Control Arm Bushing  
**Gain:** Stronger RW Traction, Cornering

**Part #:** 4.7129  
**Desc. :** Rear Track Bar Bushings  
**Gain:** Increases RW Traction, Precise Cornering

**ENERGY**  
**SUSPENSION**  
Performance POLYURETHANE Components

Energy Suspension's Hyper-Flex polyurethane suspension bushings for the 2011-14 Mustang GT are a cost-effective way to vastly improve handling and power-to-ground performance. Available in Red or Black,\* call your performance specialist for more information and to get Energy Suspension for your Mustang.

\*Add suffix "R" for Red and "G" for Black to part numbers
